RECEIVED

Fifty-fourth Annual Report

of the

Local Government Board

of the

PROVINCE OF SASKATCHEWAN

for the twelve months ended December 31

1968

104-01455/

Regina, Saskatchewan,
January 31, 1969.

The Honourable W. Ross Thatcher,
President of the Executive Council,
Legislative Building,
Regina, Saskatchewan.

Sir:

I have the honour to transmit to you the Report of the Local Government Board for the year ending December 31, 1968.

I have the honour to be, Sir,

Your obedient servant,

H. S. McMillan,
Chairman.

Regina, Saskatchewan,
January 31, 1969.

The Honourable W. Ross Thatcher,
President of the Executive Council,
Legislative Building,
Regina, Saskatchewan.

Sir:

Section 58 of The Local Government Board Act, being Chapter 43, Revised Statutes of Saskatchewan, 1965, provides as follows:-

"58. (1) The board shall, in the month of January in each year, transmit to the president of the Executive Council for the year ending on the thirty-first day of December previous, a report showing briefly:

(a) applications to the board and summaries of the findings made thereon;
(b) the number and the nature of the inquiries that it has held of its own motion;

(c) such matters as the Lieutenant Governor in Council directs.

(2) The report shall be laid before the Legislative Assembly during the first fifteen days of the then next ensuing session, or within fifteen days after its receipt if the Legislature is then sitting."

and pursuant to these requirements, the following pages summarize the work of the Board during the year 1968, and represent its Fifty-Fourth Annual Report.

The Local Government Board exists and operates by virtue of the provisions of The Local Government Board Act referred to above, from which it receives its powers and basis for its procedures. It is a body corporate with perpetual succession and a common seal, and has been in existence since January 1, 1914.

The Board has a wide variety of responsibilities assigned to it by the Legislature. Authority for its actions is contained in a number of statutes as listed in Appendix "A" hereto. These activities are primarily in the field of local government and involve, for the most part, some form of control over raising and spending capital funds. The primary purpose of the Board would seem to be to preserve good credit ratings and to ensure financial stability of Saskatchewan

local municipal governments in cases where any capital works are being financed through borrowed funds. The Board, therefore, has an interest in the financial implications of policies followed by cities, towns, villages, rural municipalities, school districts, school units, union hospital districts, and other local authorities in the province. Because of its position, the Board has influence beyond that provided by the statutes, and this influence together with the controls it legally possesses are directed towards encouraging prudent and careful operations by local governments in the province with the end result of retaining good credit ratings and strong financial positions.

The Board is also the public utility board for the province of Saskatchewan, and in this regard it exercises control over franchise agreements granted by municipal governments permitting private parties to operate utilities in the community. The volume of work in this area of the Board's jurisdiction is quite limited due to the small number of public utilities in the province owned and operated by private companies.

Tables I, II, III and IV immediately following the written portion of this report show the year by year figures on debenture borrowing by Saskatchewan local governments. They indicate that debentures issued during 1968 totalled $18,522,413.00 which represents a major reduction from the $29,893,553.00 issued during 1967 and the all time record of $37,095,000.00 in 1966.

In its report for the year ended December 31, 1967, the Board predicted that a further significant drop in the amount of debenture borrowing would be experienced in 1968. This was based on the general outlook for the bond market, a reduction in debenture authorizations and local improvement approvals, and a reduced amount of unsold debentures in approaching the year 1968.

During the year under review the Board issued authorizations for proposed debenture issues of $25,064,472.00 as compared with $25,010,120.00 in 1967 and $36,536,000.00 in 1966. It approved of local improvement works estimated to cost $8,472,945.00. The corresponding figures for 1967 and 1966 were $8,418,295.00 and $16,752,000.00 respectively. It should be noted that not all debenture authorizations result in debenture issues. Local governments may decide subsequently to abandon projects or may be prevented from proceeding through rejection of the relevant borrowing bylaw by the burgesses. Similarly local improvement works may be abandoned after Local Government Board approval by decision of the Council or may be petitioned out by the property owners concerned. Moreover, the final costs of local improvement programs are reduced by cash received from property owners as prepayment of their share of the cost and/or monies obtained from other sources. In a limited

number of cases, the net cost of the work is financed from general funds of the municipality without the issue of debentures.

During 1968 markets for the sale of bonds and debentures continued to be most difficult. Funds for investment in this type of security became increasingly less plentiful as the year progressed in relation to 1967, and the funds available in this regard became even more expensive. From the Board's contacts, it is obvious that investing institutions are not generally buying fixed income securities during this inflationary period of time. There is not too much that municipal governments can do to cause their securities to be more attractive under present conditions. One of our best local government credits was obliged to borrow on a long-term basis at a cost of 8.15% during the latter part of 1968. Early in the year the same credit could borrow on a limited basis at a cost of 7.65% to 7.70% and at mid-year at a cost of perhaps 7.85%. Other local governments would have to pay higher rates of course, and many of these would be in the area of 8.75% or even greater, if in fact, purchasers through regular channels were interested.

A number of measures have been taken in an attempt to meet this difficult situation in the best way possible with the object of being able to finance the most urgent projects and works at the lowest cost for the money involved and with the minimum oppressive effect on property owners in the future. These measures may be summarized as follows:-

1. The Board's campaign over the past several years to persuade local government officials to plan capital works over a period of years is bearing fruit. It is most encouraging to report that a number of five-year capital works budgets were developed in 1968 and the Board is aware of a number which are proposed for 1969. These documents are proving most useful in determining the most urgent capital requirements in the community or area and it is possible to spread the cost of these works over a period of years.

2. Local government officials have continued to sell a tremendous amount of debentures locally. The Board is of the opinion that a greater percentage of the total debentures was handled by local government officials themselves than in any previous year and the money cost was greatly reduced to what would otherwise apply if, in fact, the money could be found through the regular channels. It is interesting to note that sale of Saskatchewan local government debentures during 1968 fall in the undermentioned categories:-

Method of Sale	No. of Issues	Total Amount of Debentures	Average Money Cost
Central Mortgage and Housing Corporation	19	$ 429,482.00	5.939%
Municipal Development and Loan Fund (Balance of Program)	7	143,738.00	5.495
Through Investment Dealers	25	9,374,192.00	8.084
Locally by Local Government Officials	156	8,575,001.00	7.613
	207	$18,522,413.00	

Local government officials have done an outstanding job and are to be commended for the time and effort devoted to the marketing of their securities. Treasury continued to assist by purchasing portions of certain issues. Recommendations to the Treasury related to 62 issues for a total of $1,609,726.00 as shown in Appendix "F". In many cases this assistance has made it possible to complete sale of the relevant issue.

3. A great percentage of the cost of local improvement work is being financed from cash provided by benefited property owners in prepayment of special assessments against their land. The Board strongly advocates the use of this method of raising funds to meet as much of the property share of cost in cash, as possible, and in a great many instances, particularly where surface works are involved, it approves of the program subject to a certain amount or percentage of prepaid frontage. Many rather extensive programs have been undertaken in our towns with a reasonable amount of long-term borrowing because of the substantial amount of cash from property owners.

4. Councils of urban municipalities (cities, towns and villages) are now engaging in short term financing in many cases, with the encouragement and approval of the Board where such an arrangement appears desirable. Prior to 1968 these municipalities did not have the authority to borrow beyond the current year without the issue of debentures although a provision did exist in The Village Act which allowed a village council to incur a debt not payable within the current year on a basis other than secured by debentures but was seldom used since the relevant bylaw or resolution had to be approved by the Board and ratified by the burgesses.

Amendments to the City Act, Town Act and Village Act at the 1968 session of the Legislature provided the councils of all urban municipalities with authority to borrow beyond the current year secured by other forms of security such as promissory notes with the approval of the Local Government Board. This type of financing has proven very helpful under existing conditions. Councils of rural municipalities have enjoyed a form of this type of authority for a number of years. During 1968 the Board approved of 50 applications to defer $5,146,746.00. Of this amount approximately $2,000,000.00 represents internal deferring arrangements which had been authorized by councils of Saskatoon and Regina over a number of years mainly prior to 1968 and which the Board decided to approve so that these situations may be placed on a proper legal basis. In 1967 for rural municipalities only, the Board approved of 29 applications in this category involving the deferment of $555,333.00.

5. A limited part of the cost of public works is being financed in cash from the current resources of the local government concerned. This takes the form of use of a portion of existing surpluses within the bounds of good financial practices, provision for some payment in the current budget, or a charge of some amount for capital expenditure against operations of municipal utilities in the current year. This procedure has been the means of securing some funds which need not be repaid in the future at existing high money cost.

The Board is satisfied that with the long-term borrowing of slightly over $18,000,000.00, short term financing of approximately $3,000,000.00, a substantial amount of money secured by prepaid frontage, withdrawals from capital funds, and provisions in current local government budgets, a reasonable program of capital works was carried out by local governments in Saskatchewan during 1968. The Board is satisfied that, despite reduced long term borrowing, all urgent capital requirements were provided.

The Board has formally refused certain applications for permission to borrow or approval of local improvement work in whole or in part. The number of debenture applications involved in this respect during 1968 were 63 for a total of $3,003,535.00. There were 4 local improvement programs refused involving a total of $96,974.00. It should be noted that a large volume of proposed applications are discussed with the Board informally by the local government officials either verbally at meetings or through correspondence. The Board's opinion is obtained and the relevant application filed accordingly. It is most difficult for the Board to detail all the informal advice given from day to day and therefore the records do not reflect for purposes of reporting a great many indications to local government officials that

the Board would not be prepared to approve of the proposal or that the program should be revised downward to a certain point or level.

The outlook for the sale of long-term securities is anything but good from the standpoint of borrowers. There are no signs to give any feeling of optimism as to possible improvement at least in the short-term. The situation could deteriorate still further and the Board could not hazard a guess as to how long this bad money market may continue. Until there is a major improvement, the Board will have no alternative but to continue its policy of exercising the rigid controls on borrowing by local governments that have been followed during the past couple of years. Every means will have to be found to raise as much of the cost of capital expenditures in cash through current budgets and prepaid frontage in the case of local improvement work. Reserve funds should be used wisely and short-term borrowing employed wherever practical but not to such an extent that rates of taxation for debt retirement become oppressive. Prudent business practices should be followed by local governments in their financial operations. Budgets should be balanced and every attempt made to have utilities operate in a surplus position. Capital works planning should be practiced with five year programs developed. Only highly urgent work should be undertaken unless funds are available in cash.

The Board is of the opinion that a fairly static position has been reached in the backlog of unsold debentures. At mid 1966 this was estimated to be in excess of $37,000,000.00 and reduced to approximately $21,000,000.00 as at December 31, 1967. At the close of 1968 the Board estimates that unsold issues would amount to somewhere in the area of $20,000,000.00 which includes an estimated $3,000,000.00 for the City of Saskatoon's sewage disposal project to be eventually taken by the Central Mortgage and Housing Corporation.

During the latter part of the year 1966, because of problems in marketing debentures and difficulties associated with mounting debt burden in many areas of the province, the Board initiated the practice of setting up meetings in the community concerned at which representatives of the various local governments whose financial activities have an impact on the rate of taxation in that particular community were invited to attend and discuss informally the situation as it applied to that community on a total basis. These meetings have been arranged in the community for the convenience of the people concerned. The Board has received excellant co-operation from the local government officials concerned. We find that these officials are generally most responsible in their desire to see decisions and plans formulated which will be in the best interests of the community as a whole. During the year under review, meetings of this type were convened at the following points on the dates shown.

Community	Date of Meeting
Wadena	January 17
North Battleford	February 14
Preeceville	May 23
Saskatoon	August 2
Regina	August 22
Prince Albert	November 14

These meetings have been more helpful, in the Board's opinion, to the community itself than to the Local Government Board. There is no doubt that there must be a spirit of co-operation between local government people in the same community and in most cases the meeting referred to has been a starting point for subsequent collaboration between the various groups. Following these conferences there is some good chance of determining the priorities in the matter of capital works within the community, and during the course of the meeting, the members of the Board become fully conversant with the existing situation and future proposed works within the community. Meetings of this nature will continue to be arranged on the same basis as and when considered necessary.

In 1968 the Board held nine formal inquiries as detailed in Appendix "K". Seven of these cases related to applications filed with the Board by the councils of urban municipalities for approval to construct storm sewers as district local improvements without the right of petition by the property owners concerned. These applications were granted by the Board after it was satisfied as to the need for the improvements, ability of the municipality to finance the work, and that there was no major objection on the part of the property owners who would pay the cost thereof, except in the case of Buchanan which was refused. In many cases approval was subject to certain conditions mainly the collection of a specified percentage of prepaid frontage by the property owners in the district.

The other two formal inquiries related to applications submitted by the City of Lloydminster under The Public Utilities Companies Act. One represented a request for a variation in the franchise agreement between the City and Lloydminster Gas Company Limited for the supply of natural gas to the City and its inhabitants. The variation was a rather minor change and was granted by the Board. The other case represented a request to the Board for approval to the granting by the City of a new franchise for the supply of electric light and power to the City and its inhabitants by Canadian Utilities Limited, the previous agreement having expired. The new agreement covers a term of five years with some improved features from the standpoint of the City, including an over-all reduction in rates. After satisfying itself that, the proposed franchise was necessary, expedient for the public convenience and conserved the public interest, that the rates proposed to be imposed were fair and reasonable, and that the period of such franchise was in the public

interest, the Board approved of the same without the imposition of any special terms and conditions other than a few minor changes in the wording of the said agreement.

A brief summary of the Board activities over the course of 1968 follows below. Further details may be obtained by referring to the appendices to this report. The miscellaneous applications mentioned relate to a wide variety of matters dealt with by the Board on which it is not considered necessary to provide details.

252	Formal Board meetings were held;
289	Applications for debenture issues totalling approximately $28,068,007.00 under various acts were dealt with;
209	Applications for approval to construct local improvement works under The Local Improvements Act were dealt with;
607	Miscellaneous applications were dealt with;
13	Budgets were examined and tax rates established as required under The Local Government Board (Special Powers) and (Temporary Special Powers) Acts;
39	Transactions in Sinking Funds under Board control were approved;
74	Transactions in R.M. Capital Trust Funds were dealt with by the Board as authorized in Section 204 of The Rural Municipality Act;
20	Transactions in other Capital Accounts were approved;
36	Agreements under The Housing and Special-care Homes Act 1965 were approved.

In addition to the formal meetings, statutory inquiries, etc. reported herein, the Board spends a great deal of its time in conference with officials of local governments, and others, who seek advice on a wide variety of matters within the Board's jurisdiction, including presentations respecting capital works programs, annual budgets, legal procedures, sale of debentures, etc. An estimate of such informal meetings during 1968 in Regina or throughout the province would extend to 425 as compared with an estimate of 350 in 1967 (excludes delegations who met with the Secretary and various members of the Board's staff). The Board was not represented at the 1968

Conference of Public Utilities Commissioners in Halifax during June, but several members and the Board's Secretary attended sessions of various conventions in the province such as the S.A.R.M., S.U.M.A., Town Clerks, R.M. Secretary-Treasurers, etc.

The Board is represented by its Chairman on the Municipal Water Assistance Board and the Industrial Towns Committee. The members of the Board also constitute the Board of Revenue Commissioners under the Treasury Act which acts as a judicial body to hear appeals against provincial tax assessments and deals with cancellations and adjustments of monies owing to the Crown.

It is also reported that further attempts during 1968 to convene a meeting of the advisory committee to the Local Government Board were unsuccessful. The Board is anxious to hold one meeting of this committee each year and will continue its efforts in this direction during 1969.

The Board considers that it is appropriate to record the death of Mr. J. N. Bayne in Ottawa on September 7, 1968. The late Mr. Bayne was a prominent member of the Local Government Board during the years 1919 to 1939 and would have attained the age of 92 on September 21, 1968.

The Board acknowledges the co-operation which it has received from local government officials. Difficult decisions which the Board has had to make have been accepted for the most part with good grace and understanding. Responsible individuals in local governments have recognized the situation and have sacrificed many of their personal ambitions in reducing long-term borrowing and rigidly following prudent business practices. High commendation is due to a great many of these officials in effecting sale of over $8,500,000.00 of debentures locally at an average money cost of 7.613%.

The Board also wishes to express its appreciation to the officials of various government departments, representatives of investment dealers, banking institutions, consulting engineers, architects, and all others with whom it came into official contact for the co-operation and assistance which they provided during the year.

Revenues received by the Local Government Board in 1968 were $64,331.63 with expenditures of $95,888.89.

The foregoing (including the appendices and tables attached hereto) is respectfully submitted as the report of the Local Government Board for the year ending December 31, 1968.

DATED at REGINA, Saskatchewan, this 31st day of January, A.D. 1969.

DEBENTURES SIGNED AND SEALED BY THE BOARD 1968

RURAL MUNICIPALITIES

Under Rural Municipality and Local Government Board Acts

Rural Municipality	No. of Iss.	Term Yrs.	Coup. Rate	Money Cost	Price	Purpose	Total
Britannia No. 502	1	5	7	7.000	100	Grid Road Construction	25,000.
Fox Valley No. 171	1	5	7	7.000	100	Purchase Road Machinery	44,000.
Lac Pelletier No. 107	1	5	7	7.000	100	Purchase Road Machinery	20,000.
Moose Mountain No. 63	1	5	7	7.000	100	Construct Main Farm Access Roads	30,000.
Waverley No. 44	1	7	7	7.000	100	Grid Road Construction	40,000.
	5						$159,000.

APPENDIX B - 5

DEBENTURES SIGNED AND SEALED BY THE BOARD 1968

SCHOOL DISTRICTS

Under School and Local Government Board Acts

School District	No. of Iss.	Term Yrs.	Coup. Rate	Money Cost	Price	Total
Graton R. C. S. No. 13	1	15	7 3/4	7.980	98.45	215,000.
Humboldt R. C. S. No. 15	1	20	7 3/4	7.926	98.493	95,000.
Prince Albert R. C. S. No. 6	1	20	7 1/2	7.881	96.75	265,000.
St. Patrick's R. C. S. No. 11	1	20	7	7.000	100	75,000.
St. Paul's R. C. S. No. 20	4	20	7 3/4	7.850	98.75	74,000.
		20	7 3/4(1)	7.850	98.75	100,000.
		20	8	8.270	98.00	260,000.
		20	8	8.270	98.00	100,000.
Saskatoon No. 13	2	20	7 3/4	7.960	98.403	178,000.
		20	7 3/4	7.960	98.403	281,000.
	10					$1,643,000.

(1) Purchase land and equip a high school

All other issues were for the construction of new or additions to existing schools.

APPENDIX B - 6

DEBENTURES SIGNED AND SEALED BY THE BOARD 1968

SCHOOL UNITS

Under School Units and Local Government Board Acts

School Unit	No. of Iss.	Term Yrs.	Coup. Rate	Money Cost	Price	Total
Arcola No. 10	1	20	7 3/4	7.925	98.507	100,000.
Assiniboia No. 5	1	20	6 3/4	6.750	100	78,000.
Blaine Lake No. 57	1	20	6 3/4	7.123	96.736	75,000.
Borderland No. 4	1	20	7 3/4	7.925	98.503	125,000.
Broadview No. 18	1	20	7 3/4	7.925	98.516	40,000.
Govan No. 29	1	20	7 3/4	7.926	98.493	102,000.
Hudson Bay No. 52	1	20	7 3/4	7.924	98.525	30,000.
Lanigan No. 40	1	20	7 3/4	7.925	98.510	90,000.
Lloydminster No. 60	1	5	7 1/2	7.500	100	20,000.
Meadow Lake No. 66	1	10	7 3/4(1)	7.750	100	26,000.
Milestone No. 12	1	20	7 3/4	7.926	98.485	55,000.
Moosomin No. 9	1	20	7 3/4	7.925	98.510	93,000.
North Battleford No. 58	1	20	7 1/2	7.804	97.434	100,000.
Oxbow No. 1	1	15	7 1/2(2)	7.612	99.227	105,000.
Saskatoon (East) No. 41	1	20	7 1/2	7.783	97.559	60,000.
Sturgis No. 45	1	20	7 3/4	7.947	98.320	100,000.
Turtleford No. 65	1	20	7 3/4	7.924	98.525	70,000.
Wadena No. 46	1	15	7 3/4	7.883	99.091	168,000.
Wood River No. 6	1	5	8	8.000	100	50,000.
	19					$1,487,000.

APPENDIX B - 6 (Continued)

(1) School and teacherage renovations, purchase portable classrooms, construct storage buildings and School Unit Office
(2) School addition, teacherages, repay revenue surplus for capital construction paid from current funds

All other issues were for the construction of new or additions to existing schools.

APPENDIX B - 7

DEBENTURES SIGNED AND SEALED BY THE BOARD 1968

UNION HOSPITAL DISTRICTS

Under Union Hospital and Local Government Board Acts

Hospital District	No. of Iss.	Term Yrs.	Coup. Rate	Money Cost	Price	Total
Canora	1	20	7 3/4	7.926	98.498	35,000.
Ituna	1	20	7 3/4	7.885	98.850	100,000.
Kelvington	1	20	7 3/4	7.925	98.509	177,000.
Porcupine-Carragana	1	20	7 3/4	7.925	98.503	172,000.
Prince Albert	2	20	8	8.147	98.75	500,000.
		20	8	8.27	98.01	450,000.
	-					
	6					$1,434,000.
	=					

All issues were for constructing and equipping of new or extensions to existing facilities.

APPENDIX B - 8

DEBENTURES SIGNED AND SEALED BY THE BOARD 1968

RURAL TELEPHONE COMPANIES

Under Rural Telephone and Local Government Board Acts

Telephone Company	No. of Iss.	Term Yrs.	Coup. Rate	Money Cost	Price	Total
Lundeen	1	10	7	7.000	100	14,000.
Marshall	1	10	7 1/4	7.250	100	14,000.
Raymore	1	10	7	7.000	100	12,000.
	3					$40,000.

The above issues were all for construction of new systems, extension to or rebuilding of present systems.

DEBENTURES SIGNED AND SEALED BY THE BOARD 1968

CONSERVATION AND DEVELOPMENT AREAS

Under Conservation and Development and Local Government Board Acts

Conservation and Development Area	No. of Iss.	Term Yrs.	Coup. Rate	Money Cost	Price	Total
Good Lake No. 94	1	10	7	7.000	100	5,700.
Marseillaise No. 11	1	10	7	7.000	100	2,000.
Spalding No. 48	1	5	6 1/2	6.500	100	3,400.
	3					$11,100.

These issues were for flood control.

APPENDIX C

SUMMARY OF AUTHORIZATIONS, REFUSALS OR PARTIAL REFUSALS OF DEBENTURE ISSUES
